Call for pitches

BIOVISION 2015 | CATALYZER & INVESTOR CONFERENCE

Organized by

in collaboration with

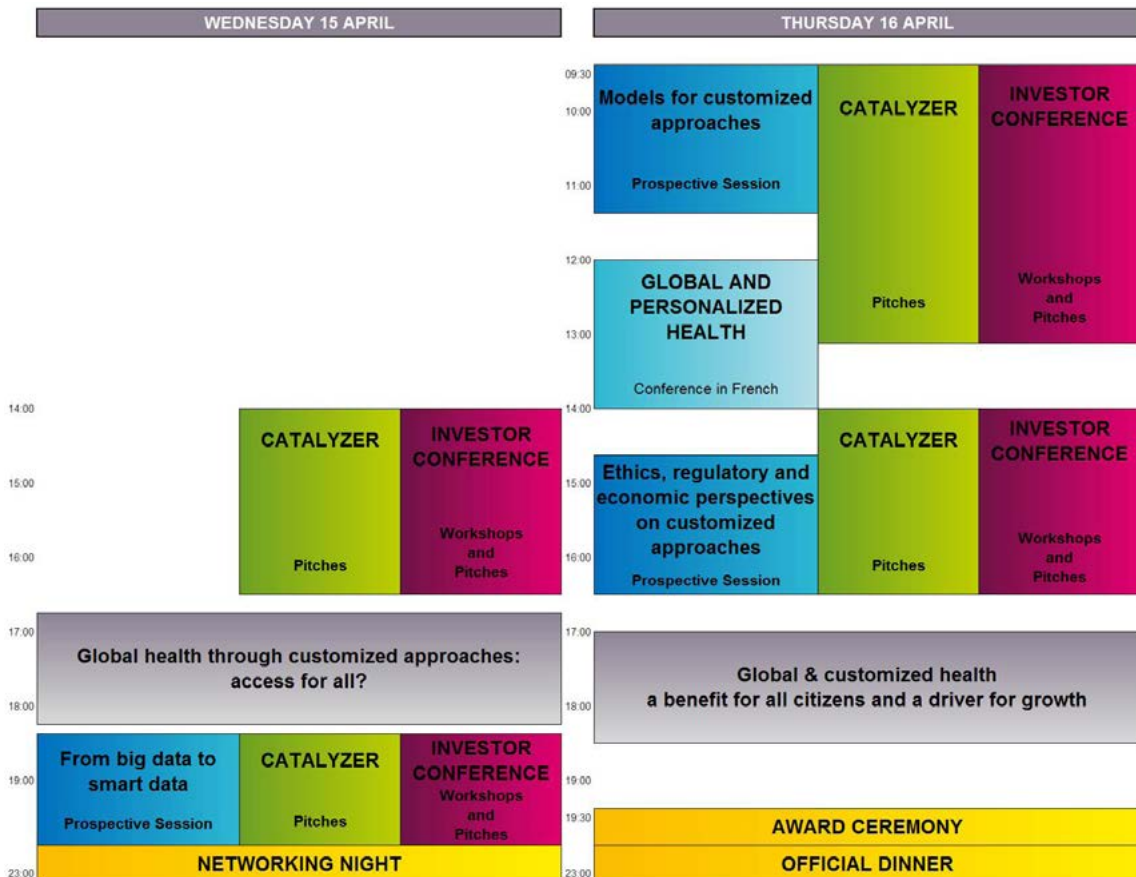

BIOVISION, THE WORLD LIFE SCIENCES FORUM

BIOVISION, organized since 1999 by an independent non-profit organization, brings together key decision makers from the academic, private, policy-making and civil society sectors, **to translate innovative ideas into actionable solutions for the benefit of citizens.**

Capitalizing on the success of its new format launched in 2013, to foster innovation in life sciences, BIOVISION is organized around three key initiatives: **Prospective, Catalyzer and Investor Conference.**

BIOVISION 2015 PRELIMINARY PROGRAMME

BIOVISION CATALYZER AND INVESTOR CONFERENCE PITCHES

CATALYZER PITCHES

Bringing together public and private partners with selected projects and/or seed stage startups demonstrating benefit for citizens.
Co-organized with Lyonbiopole

INVESTOR CONFERENCE PITCHES

Bringing together industrial partners and financial investors with selected biotech, medtech and e-health VC stage startups.
Co-organized with Lyonbiopole and France Biotech

Facts & Figures

- **Catalyzer pitches:** 120 applicants between 2013 and 2014 - 50 selected projects - A prestigious selection committee from European academia, industry, investors and civil society.
- **Investor Conference pitches:** More than 150 applicants in 2013 and 2014 - 50 finalists - A selection committee gathering the most important European Venture and Corporate funds.

SELECTION COMMITTEES

The committees are responsible for the quality of the selected projects and startups.

The selection committees will be present during the event to evaluate the pitching candidates and select the award winners.

CATALYZER PITCHES SELECTION COMMITTEE

The international selection committee includes representatives from academic, private, policy-making and civil society sectors.

The 2015 BIOVISION Catalyzer pitches Selection Committee is co-chaired by **Michel Goldman**, Executive Director of Innovative Medicines Initiative, and **Alexander von Gabain**, Deputy Vice-Chancellor for Innovation and Corporate Alliances at the Karolinska Institute.

INVESTOR CONFERENCE PITCHES SELECTION COMMITTEE

The international selection committee gathers more than 15 partners from leading European Venture funds.

The 2015 BIOVISION Investor Conference pitches Selection Committee is co-chaired by **Florent Gros**, Managing Director at Novartis Venture Funds and **Anne Horgan**, Associate at Sofinnova Partners.

WHY APPLY?

Catalyzer and Investor Conference Pitches offer the opportunity for selected projects and startup companies to:

1 GET VISIBILITY

- From the top players who are actively shaping the future of Life Sciences
- Presenting your project/initiative or startup company in front of experts and key stakeholders from academia to potential public and private investors
- Benefiting from a wide and powerful communication platform before and during the event

2 BUILD COLLABORATIONS

- Networking with peers and potential partners
- Meeting and connecting with the high-level multi-stakeholder participants online and on site during the forum
- Lyonbiopole and BIOVISION teams will be your contact point to support you in building long-term collaborations and partnerships

3 INTEGRATE THE BIOVISION INNOVATION CLUB

- Becoming part of an international life sciences community
- Sharing and gaining insights to foster innovation throughout the year

4 BE ELIGIBLE FOR A BIOVISION AWARD
