

*SUSFOOD - An FP7 ERA-NET on Sustainable Food Production and Consumption*

## Pre-Announcement

# 2<sup>nd</sup> Transnational Call for Proposals

---

*The 2<sup>nd</sup> joint call for transnational research projects of the SUSFOOD ERA-Net initiative will open on **1<sup>st</sup> February, 2014**.*

*The deadline for submission of pre-proposals will be on **1<sup>st</sup> April, 2014**.*

SUSFOOD (“SUStainable FOOD production and consumption”) is an ERA-Net under the Seventh Framework Programme (FP7) of the European Commission and intends to increase collaboration and coordination between national research activities on sustainable food production and consumption.

The scope of SUSFOOD includes the entire food supply chain with main focus on food chain sustainability beyond the farm gate. It will cover processing, packaging, transport, retailing, food services, storage and consumer activities.

SUSFOOD will launch its 2<sup>nd</sup> joint call for proposals - based on funds from the

**Participating countries:** Belgium (Flanders), Denmark, Estonia, Finland, France, Germany, Poland, Romania, Slovenia, Spain, Sweden, Turkey, and UK.

Project consortia should apply to one of the three thematic **call topics**:

1. **Innovation in food processing technologies**
2. **Redesign input, waste and side flow strategies to increase resource efficiency and provide added value in food processing, manufacture etc.**
3. **Interdisciplinary research approaches to innovative, sustainable food products including understanding and optimising raw material quality and efficient processing and the use of new raw materials for food products**

The call is divided into **two sections**:

1. **“Research”:**

Project consortia are expected to be formed **only by research organisations**

2. **“Research and Innovation”:**

Project consortia are expected to be formed by research organisations and **industry** (enterprises)

## APPLICATION PROCEDURE

The application has to meet and consider the following eligibility criteria:

- The language of the call and applications is English;
- Project duration is up to three years;
- The project consortia have to consist of researchers from at least three countries funding the ERA-Net SUSFOOD call;
- Researchers from countries who do not fund the SUSFOOD call are welcome to participate in project proposals as associated project partners on the condition that they are proven financially covered;
- Industry participation is only possible via the “Research and Innovation”-section of the SUSFOOD call.

Furthermore, the ERA-Net strongly recommends all applicants to register to the [SUSFOOD Meta Knowledge Base](#). This platform will also serve as a tool for **networking and partnering**.
