# 2015 World Courier Biomedical Seminar

Connect and Collaborate in Cologne.

You asked. *We listened.*

The World Courier Biomedical Seminar returns this autumn.

**2015 World Courier Biomedical Seminar**

September 17-18, 2015

The Palladium | Cologne, Germany

The World Courier Biomedical Seminar is the global conference where leaders across the pharmaceutical supply chain gather for knowledge and insight on the dynamic industry to drive better business decisions and move medicine forward.

Join us in Cologne for a kickoff dinner the evening of September 17, followed by a full day of knowledge-sharing on September 18. You'll collaborate with thought leaders and trusted sources of pharma industry insight and capture knowledge that will help you make better supply chain decisions.

Let's explore how we're moving medicine forward, together.

Learn the latest in:

Regulatory updates | Packaging innovation | Globalization and emerging markets | Clinical trial trends
